Response to Office Action

Sir:

This Response is filed addressing the issues raised in the Office Action dated April 7, 2004 regarding the above-noted application for patent. The Applicant submits that, in light of the remarks below and the requested amendments to the application, the application is in proper condition for allowance. The Applicant respectfully requests the examiner allow the amendments to the specification and claims and allow the patent to proceed to issue.

REMARKS

Specification

The objections of Paragraphs 1 of the Office Action is noted and deletion of the objectionable subject matter has been made, in accordance with the reason for objection by the Examiner. The corrections and the amendments avoid the objections raised by the Examiner and do not add any new matter to the invention being claimed, thus making such Specification conform to the arguments of the Examiner and place the Specifications in proper form for issuance. Such amendment is made in the below Amendment section, per 37 CFR 1.121.
